

(430) Video Production Team

Description

Create a three to five (3:00-5:00) minute video production, based upon the assigned topic.

Eligibility

Any student member may enter this team event. A team will consist of 2-4 members. Contestants participating in national level competition must be registered for the event, prior to submission deadline for technical judging. Teams must participate in both parts of the competition in order to be ranked.

Topic

Create a video promoting the importance of sleep and motivates peers to get more sleep.

Learn more at <http://sleepeducation.org/healthysleep/sleep-recharges-you-teen-sleep-duration/school>.

Summary

Do you know all the ways sleep affects you? Getting the recommended 8-10 hours of sleep per night will improve athletic performance, have a positive impact on your mood, improve memory and your ability to learn, and even give you a healthier complexion. The American Academy of Sleep Medicine recommends 8-10 hours of sleep per night for 13-18 year olds. A lot of teens don't get the recommended amount of sleep. Life is meant to be lived and lived at its best. We need you to help us spread the word: Sleep Recharges You!

What your video should include:

- 1) The key statistic: The American Academy of Sleep Medicine recommends 8-10 hours of sleep per night for 13-18 year olds.
- 2) At least one way teens benefit from getting the right amount of sleep.

What your video should avoid:

- 1) Negative tone, references to death, injury, etc. Rather than focusing on all the things that could go wrong when you're tired, focus on all the ways life gets better when you're well rested.

Final thought: Be creative! Tell a story or show examples we can all relate to. Sometimes the funniest material is simply content that's hilarious because it's so normal and relatable.
